Over The Edge

10/29/10

On Saturday, November 6, the Manchester Grand Hyatt San Diego will once again be the setting for the second annual Over the Edge for KIT fundraising event. Experience a breathtaking 360-degree view and push yourself to the limit by rappelling from the 33rd story. Participants will descend 357 feet in roughly ten minutes from the hotel's Harbor tower. Friends and family can cheer on participants from the poolside party featuring food, live music, activities by Geppetto's Toys, and family-friendly entertainment. Funds raised will benefit Kids Included Together (KIT), a San Diego-based nonprofit that supports recreational, child, and youth development programs that include children with and without disabilities.
